CAMPERDOWN COLLEGE NEWSLETTER

Term 4, Week 8, 28th November 2025

2025 SBAT of the Year

We are incredibly proud to share that Camperdown College student, Lucinda Evans, has been named the winner of the 2025 Victorian Apprentice Training Awards in the School-Based Apprentice or Trainee of the Year category. Lucinda has been working with the Corangamite Shire completing her Early Childhood Education SBAT. She is a highly regarded employee and her hard work and dedication has paid off.

Lucinda's achievement reflects her outstanding dedication, work ethic and growth throughout her school-based apprenticeship. Her success also highlights the strong support of Westvic Staffing Solutions, who continue to champion opportunities that help young people build real skills, real confidence and real futures.

We're thrilled to celebrate Lucinda's journey and recognition on this state stage - a wonderful reflection of her hard work and the support of her family, Camperdown College and the community. Well done, Lucinda — we are all so proud of you!

FROM THE PRINCIPAL'S DESK...

At Camperdown College, we may be a relatively small school, but we certainly receive our lion's share of recognition on the state stage. Time and time again, our students demonstrate that size is no barrier to excellence. Their achievements continue to make us exceptionally proud and highlight the strength of our programs, our culture and our commitment to meeting - and exceeding - state standards.

Most recently, we celebrated a remarkable individual achievement. Lucinda Evans was nominated for, and awarded, the Victorian School-Based Trainee of the Year. The ceremony, held at the Melbourne Town Hall last Wednesday evening, was attended by Warren Attrill on behalf of Camperdown College due to a clash with the Year 12 Formal. Lucinda received this honour in recognition of her dedication and outstanding achievements while completing her Certificate III in Early Childhood Education through South West TAFE. Working one day a week with the Corangamite Shire, she embraced her traineeship with maturity, enthusiasm and a genuine passion for working with children. Her success highlights the strong vocational pathways we offer and the high expectations we uphold.

Our students are also excelling in the sporting arena. This year, several individuals qualified for State level competition in athletics, lawn bowls, equestrian and cross country at both the Junior and Senior Campus, showcasing their determination, sportsmanship and commitment to personal improvement. In addition, our Year 7/8 mixed hockey team and Senior Girls cricket team both progressed to State finals, an outstanding achievement that reflects the depth of talent and teamwork within our sports programs.

We were delighted to receive the Spirit of Sport award at last week's state Year 7/8 mixed hockey tournament. This

acknowledgement recognises not just the team's effort on the ground, but the encouragement and teamwork they showed to one another - highlighting that State-level accolades come in many forms and aren't solely defined by winning.

Our academic results reinforce this pattern of excellence. NAPLAN data placed Camperdown College above state averages in many areas, demonstrating strong learning growth across year levels. In addition, seven Year 9 students were awarded certificates for their outstanding performance on these tests. Equally pleasing are our attendance levels and the positive responses recorded in the staff and parent opinion surveys of which sit above state benchmarks. These results are a testament to the hard work of our students, the dedication of our staff and the supportive partnerships we share with families.

We eagerly await the release of our VCE results and are confident that our average study scores will once again outperform state averages across many subject areas. This confidence comes from the consistent dedication we see in our senior students and the quality of teaching and support provided by our staff. We look forward to celebrating their achievements as another reflection of the strong academic culture that defines Camperdown College.

Together, these achievements paint a clear picture: Camperdown College is a school that not only meets state standards but continually strives to rise above them. We are immensely proud of our students and the vibrant, high-achieving learning community they help create

Ms Vicki Angus
Principal

CALENDAR OF EVENTS

	Tuesday 24 th – Wednesday 25 th February	Year 3 – 6 Swimming Program <i>Camperdown Swimming Pool, info to come on Compass</i>

Lantern Making – Light Up Camperdown Festival:

Over the past two weeks, Prep – Year 6 students were involved in additional lantern making sessions allowing them to finish their beautiful paper mache lantern ready for our town's Light Up Camperdown Festival next Friday 5th December. Decorations from nature along with coloured tissue paper were added to our white paper mache lanterns which will form a special part of next week's festival. All students and families are welcome to attend the festival from 4.30pm to 9.30pm with students that attend encouraged to find their lantern and walk in the parade on the night which will see the Camperdown Clocktower and Courthouse illuminated.

We thank the many Senior Campus students who walked down to assist us across many days to ensure our lanterns were constructed beautifully. We are extremely proud to be supporting this wonderful community event.

Year 6 Graduation Ceremony:

Our Year 6 students are nearing the end of their primary school journey with their graduation ceremony only a couple of weeks away, on Monday 15th December. Dinner for students and staff will begin at 5.45pm with the official ceremony commencing at 7pm, with family and friends invited to attend this momentous occasion. More information has been sent home with Year 6 students today.

Glasses for Kids Program:

Last week, 90 of our Prep – Year 3 students were seen by a qualified optometrist at the Junior Campus across three days as part of the Glasses for Kids program. Out of the 90 students seen, 17 students were fitted for a new pair of glasses at no cost with these expected to arrive next week. Referrals and further testing were advised for some students, with all students receiving a letter from the optometrist outlining findings and recommendations. We are extremely fortunate to have this initiative visit us this year and provide such an important service to our students at no cost.

Parent Teacher Interviews and Semester Reports:

Next Friday, students will be bringing home their Semester 2 report outlining the academic and social achievements they have made this semester. We ask families to read these reports over next weekend and share the information communicated with your child, in preparation for parent teacher interviews on Tuesday 9th December. These interviews are a wonderful opportunity for staff to expand on the content provided in the report and answer any questions you may have. Bookings can be made on Compass with these opening earlier this week. Year 1 – 6 interview times will be available from 1pm – 6pm, whilst Prep interviews times will be available from 3.30pm – 6pm.

Step Up Day:

Step Up Day is being held on Tuesday 9th December. All Junior Campus students will step up to their 2026 class with their 2026 teacher from 9am until 12pm. Our 2026 Prep students will be with us for most of the day from 9am – 2.30pm, whilst our 2026 Year 7 students will be enjoying a full day at the Senior Campus.

Next year, we are welcoming a new classroom teacher, Georgina Perkins, to support us to service 11 classes at the Junior Campus in 2026. Georgina will be with us on Step Up Day and working with the students she will have in 2026.

Prep – Year 2 Swimming Program:

Our Prep – Year 2 students are getting very excited as they near ever so close to the start of their swimming program, which is set to begin next Wednesday 3rd December, at the Rodney Grove Community Aquatic Centre in Cobden. Timetables were sent home with students this week along with a copy attached to each student's Compass dashboard. Parents are welcome to watch the lessons at the pool if they desire. We are excited to see the development of swimming skills across the six lessons starting on Wednesday.

Somers Camp in 2026:

We are so fortunate to have another opportunity for a three boys and three girls in Year 5/6 in 2026 to attend Somers Camp. This nine-day camp is offered to schools in our region biennially and is a sort after opportunity that allows students to attend an extended camping experience alongside students from many schools. Our 2026 Year 5/6 students submitted expressions of interest for this opportunity and then met with Mrs Tolland this afternoon to draw names out of a hat. This opportunity scheduled for Tuesday 24th February – Thursday 5th March.

2026 Year 6 Leaders:

Our current Year 5 students have written applications, completed interviews and fought nerves as they have experienced the leadership application process for the 2026 Year 6 leadership positions. We are looking forward to sharing our Year 6 2026 Leadership Team with our school community at our Celebration of Learning Assembly on Wednesday 17th December.

Last Week of 2025

We have a very busy last week of the school year planned:

- **Tuesday 16th December:** Prep – Year 6 Excursion. Students will enjoy a day out to end the school year. We will be enjoying the movie, Tom & Jerry at the Camperdown Theatre before an afternoon at the Camperdown Pool. Our favourite Timboon Ice Cream van will be back once again this year! Further information was communicated with families today on Compass. Consent and payment of \$10 is due by Monday 15th December.
- **Wednesday 17th December:** Celebration of Learning Assembly at the Junior Campus starting at 9.15am. Families and friends are invited to join us for the last assembly of the year. Our Junior School Council will also be running a colour run from 1.30pm for all students Prep – Year 6. Students are asked to wear a white (or light) t-shirt to school on the last day of the year along with older clothes for the colour run. If students would also like to wear a touch of Christmas with their white t-shirt, they are more than welcome to. Further information will be communicated with families on Compass next week. (A reminder that students finish at normal time of 3.15pm on the last day of the year).

Thank you:

Today, our Semester 2 cooking group of very keen cooks, completed their last cooking group session at the Camperdown Uniting Church for the year. Yet again, we say a heartfelt thank you to the volunteers at the Uniting Church who care for our students so beautifully with this generous program. Our students are always eager to be one of the selected few to be chosen for this opportunity as it is such an enjoyable experience. Thanks to Kylie Spokes and her wonderful helpers!

Smile Squad Dental Van:

Don't forget Smile Squad Dental Van will be at both the Junior and Senior Campuses in the week beginning Monday 8th December to conduct check-ups on students who have returned their dental form earlier this term.

Mrs Jacinta Tolland, Junior Campus Assistant Principal

SENIOR CAMPUS NEWS

As Ms Vicki Angus has mentioned, this fortnight students have shone locally and at a State level. Last Wednesday our **Year 7/8 Hockey team** competed in the State Hockey Championships in Footscray. They were very competitive and, most pleasingly, they were awarded the Spirit of the Sport flag – testament to their excellent sports-person-ship and wonderful display of the school's values throughout the tournament. Also in Melbourne on Wednesday, Lucinda Evans was awarded the **State Trainee of the Year Award** at the gala dinner. Mr Warren Attrill – who Lucinda noted in her speech, was proud to witness this momentous achievement. The entire crowd were thoroughly engaged and celebrated with Lucinda as she rang her family to share the exiting news!

Back at school, our **Hands on Learning (HOL)** crew participated in an end of year celebration Webex – a reminder that theirs is just one small group in a wider movement. This group have an exciting final few weeks planned with an excursion and a final 'graduation' party in the works.

To cap off a very busy day, staff were privileged to attend the **Year 12 Formal** on Wednesday evening. Staff, students and families reminisced over the last 13 years of schooling and pondered what the next steps will be for this inclusive group of students. There were tears and laughter shared over a delicious meal. Our Year 12 students looked the part and partied on the dance floor, finally letting their hair down after the busy exam period. A huge thank you goes to Mrs Sue Maskell who organised and was the MC for the memorable evening.

Ms Grace Lee and Ms Katie Taylor had the absolute pleasure to witness Keira Johnston and Athena Chivell receive **Wannon Sports Awards** in Colac last Friday. Presented by Dan Tehan MP, the awards are testament to their commitment and achievements in Lawn Bowls and Athletics respectively. Keira represented Victoria in the National Championships in Queensland in Term 3, and Athena continues to shine on the track and in

the field, making it through to State this year. Stella Horspole was also awarded the honour, but due to playing netball in Queensland, could not attend.

Having finished their exams in week 6, our **Year 11 students 'stepped-up' into Year 12 in week 7**, getting to know their teachers for 2026 and getting a taste of what their final year of schooling will look like. Our VM students started to plan their work placements while our VCE General students were sent off with a different sort of homework – to start their coursework.

Simultaneously, our **Year 10** students diligently applied themselves, sitting their **end of year exams** in the newly vacated hall. This week, this cohort got their first taste of VCE. While some have completed a Year 11 subject or a VET course this year, over the week they were introduced to their full load for 2026. They have also been participating in various 'tips and tricks' sessions with staff, leading them through such topics as the ethical use of AI and how to stay organised in the senior school.

Our junior students have not missed out this fortnight either. Lee in the library hosted a very well attended **paper plane making and flying competition**, and our **3D Printing Club** continues to grow in popularity. Supported by Linda and the Science team, students are selecting items to print and watching them come to 'life' in the 3D printers in the Robotics room.

Mrs Sarah Brooks and Ms Katie Taylor, Senior Campus Assistant Principals

YEAR 12 FORMAL

Students, staff and families celebrated the conclusion of 13 years of education for our graduating class of 2025 on Wednesday evening 19th November. It was a night to share wonderful memories, reflect on achievements and come together with students, parents and staff to celebrate in a formal setting. It was a night of mixed emotions, with 12 families concluding their relationship with the college, receiving a symbolic silver banksia. We all enjoyed heartfelt speeches, presentations to our students, and of course some action on the dance floor. Congratulations to our graduating class of 2025, you have made us very proud.

2025 Wannon Sport & Volunteer Awards

Three of our students were presented with a Wannon Sport Award by Dan Tehan MP at a special ceremony in Colac on Friday morning. We were so pleased to witness Athena Chivell accept an award for her outstanding achievements in Athletics and Keira Johnston for Lawn Bowls. Stella Horspole also received an award for her achievements in Equestrian – however, she was unable to attend as she is currently playing netball in Queensland! Our young sports women were privileged to hear Olympian and World Record holder – Judy Pullock, who shared stories of her own achievements in athletics at the ceremony; Mrs Pullock even joked with Athena about the differences between Athena's expertise in sprinting compared to her own strengths in the 400m and 800m. Congratulations to all three students for the dedication and excellence they have demonstrated so far in their chosen fields.

SERIOUSLY SPORT

@ Camperdown College

YEAR 5/6 SUPER 8'S CRICKET

Our Year 5/6 students took part in the CDDSA Super 8s Cricket Gala Day on Friday 14th November at the Camperdown College Sport Precinct in glorious conditions. Students demonstrated some terrific skills and great sportsmanship in all the games they played and were proud to represent our college and demonstrate our school values.

Matt Harkin, Prep – Year 6 Sport Coordinator

YEAR 3-6 COMMUNITY SPORT

Year 3 – 6 students enjoyed taking part in our Community Sport Program in recent weeks during their scheduled Sport sessions. This annual program involves students heading offsite and being involved in a variety of activities within our local community. This year's activities included fishing at Lake Bullen Merri, pickle ball/tennis at our stadium, lawn bowls at the Camperdown Magpies Bowls Club and yoga/fitness sessions at Infinite Health. A huge thank you to all facilities for hosting our students. They all had a fantastic time and benefitted from trying something new.

Matt Harkin, Prep – Year 6 Sport Coordinator

YEAR 7/8 SSV STATE HOCKEY

Our Year 7/8 mixed hockey team travelled to Melbourne on Wednesday 19th November to play in the State Schools Championship. They were expecting tough competition but were looking forward to the opportunity to play some more hockey together.

Our team had most of the attacking play in their first game, but just couldn't convert their scoring opportunities, finishing the game with a nil all draw. Game two saw our students play well as a team to score three goals and achieve a 3-2 win. Their final game was always going to be the toughest of the day, but they worked hard to score two goals against a strong Melbourne school team. Whilst the final result was a 5-2 loss, our team demonstrated excellent sportsmanship and supported each other, to keep up the intensity until the final whistle.

Ms Crowle and Mrs Wood were proud of our students' efforts on and off the field and at the end of the day they were presented with the Spirit of Sport award, a lovely way to finish the tournament. Congratulations to all students who were involved and thank you to the parents who made the trip to Melbourne to support our team, we appreciated your help throughout the day.

Melissa Wood, Hockey Coach

JEAN WOOD *Award Winner*

Congratulations to violin student Onaya, who has won a place at the Geelong Summer Music Camp in January. Onaya played two pieces and was interviewed by a panel at the recent 2025 Jean Wood Music Awards.

At GSMC, Onaya will play in a large orchestra with other music students from the region. The camp goes for five days and concludes with a concert featuring 250 performers in Geelong's Costa Hall on Friday 16th January. The GSMC is for singers and instrumentalists from 10 to 21 years.

The award is named in honour of Jean Wood, a former Terang and district music teacher and is held every October for local music students who have learnt a musical instrument for two years or more. Onaya's win was recently featured in the Terang Express. Have a great time at GSMC, Onaya!

We were extremely fortunate to welcome the Glasses for Kids program to the Junior Campus last week. Glasses for Kids is proudly run by State Schools' Relief (SSR) and was available to all students at Camperdown College in Prep – Year 3. Qualified optometrists completed initial vision screens and, if required, provided eye testing and glasses at no cost to families. If glasses were required, students were able to choose their glasses and be fitted with them on the day. The fitted pair of glasses will be sent to the Junior Campus within the next few weeks.

IMPORTANT PRODUCT SAFETY RECALL: COLOURED SAND

Dear Parents and Caregivers,

We are informing you about a national product safety recall of several brands of coloured sand that are commonly used in schools, early childhood centres, and homes for children's play and craft activities. The suppliers have issued this recall because some batches of these products may contain traces of naturally occurring asbestos.

Affected Products:

The recalled products were sold at various major retailers, including Officeworks, Kmart, Target and Woolworths. Affected brands and products include:

- **Educational Colours** – [Rainbow Sand](#) (1.3kg, various colours)
- **Creatistics** – Coloured Sand (1kg, various colours)
- **Kadink** – Coloured Decorative Sand (6x10g, 1.3kg, 2kg, various colours)
- **Kmart Australia** – Active Sandtub 14 piece Sand Castle Building Set and Magic Sand tubs (blue, green, pink)

The products were sold nationally between 2020 and 2025. Link for further information:

<https://www.accc.gov.au/media-release/customers-warned-of-recalled-children%E2%80%99s-sand-due-to-asbestos-risks>

HOW TO SUPPORT YOUR CHILD U16 WITH THE NEW SOCIAL MEDIA REGULATIONS

From Wednesday 10 December 2025, the Online Safety Amendment (Social Media Minimum Age) Act 2024 will require social media platforms to:

- prevent children and young people under 16 from having a social media account
- deactivate or freeze existing accounts held by people under 16.

Delaying access to social media protects the health and wellbeing of young people and gives them extra time to build real world connections and digital literacy skills. The responsibility will be on the social media platforms, not parents, carers, children or schools, to implement these new restrictions. Most popular social media platforms will be age restricted. These include Facebook, Instagram, Snapchat, TikTok, X (formerly Twitter), Reddit and YouTube. Messaging services and online games, as well as apps and platforms that support health and education, can still be used.

How to help under 16s prepare for the change:

Parents and carers play an important role in supporting their children to be safe online. To help get under 16s ready for the social media minimum age requirements, you can go to the eSafety website to learn more about the social media age restrictions and find tips on how to talk about social media age restrictions with young people.

What the change means for our school:

At our school, most age-restricted social media platforms are blocked for student use on the school network. Our school allows students in Year 10-12 student access to YouTube in a logged-out state. However, this access is restricted so mature content cannot be viewed. To keep up to date about the new social media age restrictions, visit the eSafety website and subscribe to their newsletter.

Senior Campus Calculator requirements 2026

Please find some information below to help students and their families check that they have the correct calculator for next year.

Scientific Calculator

It is expected that all students in year 7-12 have access to their **own** scientific calculator for maths classes. Some calculators are damaged or lost from year to year, so we ask parents to check with their students to see if a new calculator needs to be purchased for the following year.

These calculators (see below) have a range of functions (buttons) that are required to complete their maths work. Whilst they may not use them in every session it is expected that they take them to **all** maths classes. The 'green' TI-30XB is the model on our booklet, but there are many different models that are suitable, and they do not require this exact model. It is possible to purchase a suitable model at the supermarket for under \$20.

All students are required to retain their scientific calculator for Year 11 and 12 for both the VCE and VM pathways, as it is the **only** model allowed in the GAT (General Achievement Test) mid-year, and all students are required to complete it. It also the only calculator that is allowed in some VCE science exams.

Year 10

In line with previous years, it is the expectation that all Year 10 and VCE (11 & 12) mathematics students have access to their own CAS Calculator- TI-nspire CX II, these calculators are on the booklet. We understand that these calculators are expensive to purchase (~\$250) and encourage families to purchase these second hand if possible.

Student in Year 10 intending to continue into a VCE maths pathway in Year 11 & 12, must have the model with the **blue back**. Students in Year 10 intending to continue into a VM pathway in Year 11 & 12, can use a model with a black back, however, please be aware that whilst this model purchased second hand will be cheaper it may be more challenging to re-sell at a later stage.

In the instance that a Year 10 student might have a sibling in Year 12 that will pass on their calculator the following year, please let their maths teacher know and we will attempt to can make a suitable arrangement for the Year 10 student.

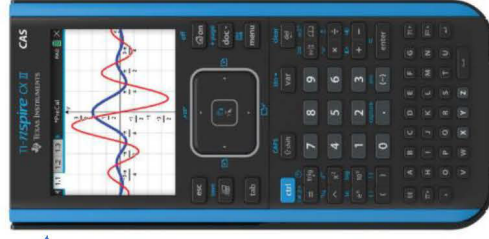

Please see a summary of this information below
